

EXECUTIVE SUMMARY

On September 19, 2003 the Division for Air Quality received an application from Pittsburg Tank & Tower, Elevated Division, Inc., to operate an elevated steel water tank fabrication facility in Sebree, Kentucky. The application was processed under Activity ID number APE20040001 and was deemed complete on December 19, 2003.

The issuance of a Federally Enforceable State Operating Permit (FESOP) requires a preliminary determination and public notice. This has been done by the Division. An advertisement was placed in the Providence Journal Enterprise on October 6, 2005. The thirty-day comment period has expired with no comments received.

In conclusion, a thorough analysis has been made of all relevant information available, which pertains to this application. The Division has concluded that compliance with the permit will assure compliance with all air quality regulations and requirements.
